10. **Public Comment**

Council Member Kirby requested the staff to prepare an ordinance to bar animals from City buildings with the exception of service animals.

10a. **Consideration of Altering City Clerk Position Compensation**

City Manager Bob Richardson presented this item. He discussed different compensation options for the City Clerk position.

Council Member Holmes stated the compensation is being reviewed due to the decision to not move forward with the ballot measure to make this position appointed.

Paul Norris, resident in Citrus Heights, spoke against lowering the City Clerk's compensation.

Joe Labrie, City Clerk and resident in Auburn, said this item began with the Appointed / Elected Clerk ballot measure item three months ago. He said after being sent to staff on numerous occasions, it is now before the Council to review the compensation of only the City Clerk. He said there is an issue under the fairness of the law, due to the City Treasurer and the City Clerk positions being identical in regards to duties and responsibilities. He said the compensation has always been equal across the board for the elected positions within the City Council. He said he has spent more hours in the office than the Elected City Clerks in the past. He said to review the compensation of only the City Clerk and not the City Treasurer is "unfair". He said if the City Clerk position becomes appointed, it will ultimately result in an increase of pay of more than the Elected City Clerk currently makes.

Council Member Hanley clarified when the term of the City Clerk is up for election.

Council Member Kirby asked about policies of comparable cities and staff changes with the appointed City Clerk option.

Council Member Nesbitt said the difference between the City Treasurer and the City Clerk, is the City Treasurer has many certifications in his area of expertise.

Council Member Holmes said the option of making the Clerk appointed is no longer the issue. He said the City Treasurer and City Clerk job descriptions can not be compared. He said the compensation needs to be adjusted to represent what the City Clerk's actual duties entail. He said the current Elected City Clerk has not become a Certified Municipal Clerk, while the Deputy City Clerk is currently enrolled and should be certified in the next year. He compared the clerk's responsibilities and salary for other cities within the County. He said because the Elected City Clerk spends only 5-6 hours a month in his duties, he feels he is overly compensated.

Council Member Kirby asked about the requirements for qualifications for the Elected Treasurer.

City Attorney Michael Colantuono said the only qualification for the candidate for City Clerk or City Treasurer is he/she must be a registered voter of the City.

Council Member Kirby said he likes the idea of paying the clerk per "event".

Council Member Hanley said he agrees that the current pay of the Elected City clerk is out of alignment with the current job responsibilities. He said any changes to compensation should not be made until the beginning of the next term in 2012. He said he would like section 31.040 of the municipal code which states City Clerk's responsibilities reviewed.

Mayor Powers said she agrees with not making any changes until the new City Clerk term begins in 2012.

Council Member Nesbitt said if the health benefits are going to be eliminated he feels the compensation should not be decreased. He also said he agrees with the changes to not occur until the new term in 2012.

Council Member Holmes moved beginning after the 2012 election, the Clerk's monthly stipend be \$135 a month with no benefits or additional funds for callouts.

MOTION: Holmes/ Hanley/ MOTION FAILED 1:4 (Hanley, Kirby, Nesbitt and Powers voted no)

Council Member Hanley moved to set the stipend at \$200 a month, with no benefits, effective December 2012 and direct staff to align the duties of the City Clerk with the current duties of the Deputy City Clerk in the Municipal Code.

MOTION: Hanley/ Holmes/ Approved 4:1 (Powers voted no)

PUBLIC HEARING

11. 2010/2011 Sewer Assessment to be placed on the Placer County Tax Roll

Transit Analyst Megan Siren presented this item. She said the rate will remain at \$56.22 per equivalent dwelling unit (EDU).

Council Member Hanley asked if the scheduled increase had taken place, what dollar amount would result for the City.

Megan Siren indicated it is estimated at \$160,000.

Council Member Nesbitt said this cost savings shows sensitivity to our ratepayers.

- 1) By **MOTION**, introduce and hold a first reading for an ORDINANCE to set a schedule of sewer service charges and suspend the implementation of that schedule so that sewer service charges will be collected in fiscal year 2010-11 at the fiscal year 2009-10 rate.
